

Waste Photo and X-ray Film

Do you chemically develop or store photo film and/or X-ray film?

For more information, go to *Managing Photographic and X-ray Waste* at www.pca.state.mn.us/publications/w-hw4-46.pdf.

Yes →

Collect all silver-bearing waste film (film ends, discarded film, poorly developed film) for proper recycling. Store waste film in a container marked "Used or Waste Film." Report this waste in the **Management Plan Form 2 — Scrap Film**.
This is the end of this section.

No →

This business (check one):

Does not develop film.

Develops only digital film.

No longer chemically develops photos or X-ray films, but still generates waste photo or X-ray film from customers. Collect all silver-bearing waste film (film ends, discarded X-rays, poorly developed film) for proper recycling. Store waste in a container marked "Used or Waste Film." Report this waste in the **Management Plan Form 2 — Scrap Film**.
This is the end of this section.

Management Plan Form 2 — Scrap Film
Refer to the instruction for filling out Management Plan Form 2s available at www.hennepin.us/selfaudit.

A. Waste name (check all that apply): <input type="checkbox"/> Photo film <input type="checkbox"/> X-ray film	
B. Four-digit hazardous waste code: D011 (The hazardous waste code is a number assigned to each hazardous waste; most scrap film is D011.)	
C. Year waste was first produced: (List the year you first generated the waste at the site under the current ownership or write the year you will start collecting waste.)	
D. Treatment or shipment frequency: _____ times per _____ year(s) (For example: 2 times per 1 year, etc.; write "as needed" if you are unsure how often the waste will be disposed.)	
E. Source or process of generation: Film developing	
F. Physical state: Inorganic Solid	
G. On-site management (select one): <input type="checkbox"/> Stored for shipment (Check this if you ship or will ship your waste to a disposal facility) <input type="checkbox"/> Other _____	
H. Type of storage container(s): <input type="checkbox"/> Pail <input type="checkbox"/> Box <input type="checkbox"/> Drum <input type="checkbox"/> Original container <input type="checkbox"/> Other _____	Office use only
I. On-site storage location: <input type="checkbox"/> Indoors <input type="checkbox"/> Outdoors <input type="checkbox"/> N/A	
J. Amount per year and units of measure: _____ pounds or _____ gallons (If you don't have a history of the amount of waste generated, estimate the amount that will be generated in a year.)	Office use only
K. Disposal facility management method: (Contact your disposal company. If you have not identified a disposal company, see the list of disposal companies at right or write "on-site accumulation." If you write on-site accumulation, you do not need to identify a transporter or disposer in questions L through O, but you will need to choose one later.) <input type="checkbox"/> Recycle <input type="checkbox"/> Other _____	Office use only
L. Transporter name (see list at right): (Write in "Self" if you transport the waste yourself. Write "to be determined" if you have not yet selected a company.)	
M. Transporter ID number: (Contact your hazardous waste transporter to find out their EPA ID number.)	
N: Disposer name (see list at right): (Write "to be determined" if you have not yet selected a company.)	
O: Disposer ID number: (Contact your hazardous waste disposer to find out their EPA ID number.)	

Fixer & film disposal companies

For the most updated list, go to www.hennepin.us/hazwastedisposalcompanies.

- Century refining.....952-985-9995
- Enviro-Chem, Inc.....763-428-4002
- Maguire Refining.....763-786-2858
- Mercury Refining.....800-833-3505
- Silver Pockets.....952-881-2002
- Veolia Environmental Services
.....763-786-3660

These companies provide hazardous waste disposal services in the Twin Cities area. This list does not constitute approval of any of the companies identified, nor do we claim the list is complete.
